

**INFORMATION**

**DATE:** June 11, 2019

**TO:** Woodrow Wilson HS and Parents

**FROM:** Stephanie S. Elizalde, Chief of School Leadership

**SUBJECT:** Course Credits Update

The information below impacts the awarding of credits for the 2018-19 school year, based upon information received from Monica Martinez, Managing Director in the Curriculum Division at the Texas Education Agency (TEA). The following actions will occur as per TAC §74.26:

1. Students enrolled in an IB course, worth two credits and receiving only half of the course content, will be awarded half credit. In this case, one credit of the two credits will be awarded for the successful completion of half of the two credit course.
2. Students enrolled in an IB course worth two credits and receiving the entire course content in one year, will be awarded the full two credits.

The chart below shows the specific courses and adjustments to credit as verified by the classroom teacher(s):
